

Name of Athlete:

Name of Coach / Advisor:

As a participant of Austria eXtreme I'm aware of the danger, which are connected with athleticism in extreme sport, especially in an extreme triathlon. For example because of exhaustion during the competition.

The participant respects that there might be a big risk when striving for an excellent goal. That means that physical abilities must be fulfilled up to one's limit.

The participant accepts and is conscious of when taking part in such an extreme exercise his / her life and his / her personal safety can be endangered.

That includes danger for everyone during the competition particularly through environmental conditions, technical equipment, atmospheric influences, danger on public streets and roads and such as natural and artificial barrier.

I confirm that I have trained sufficiently for this competition and that I am physically fit and that my physical condition has been certified by a doctor.

As a participant I accept that while using public streets and roads the road traffic regulations (STVO) have to be followed by me.

I know that I only may start the Austria eXtreme if I have a registered coach / advisor, who is responsible for me. In addition, the coach / advisor transports my equipment. Leaving garbage behind leads to disqualification.

I am prepared to enter the race with technically immaculate equipment.

I will follow the instructions of the Austria eXtreme crew strictly. I know and accept that I have to retire from Austria eXtreme if I do not reach the designated cut off times.

I agree that a doctor or a member of the Austria eXtreme crew can prohibit the continuation of the Austria eXtreme when he / she diagnoses the risk of damage to my health or a threat to road safety.

I also agree if a medical treatment during or after the competition should be necessary I get charged by the institution. Medical treatments and salvage costs are not included in the entrance fee and can't be charged out from the organizer.

It is recommended to effect an adequate accident insurance.

It is in the responsibility of the participant to ensure adequate insurance coverage for medical treatments. A liability of the organizer is thus excluded.

I am aware that the participation in the Austria eXtreme is quite dangerous and involves the risk of serious injuries. Even fatal accidents can't be ruled out.

I give permission that my personal data (name, age ...), pictures, videos and interviews taken during the competition can be used by the media free of charge and without restriction if this is done in connection with the Austria eXtreme.

I exempt the organizers and volunteers of the Austria eXtreme from any liability if they are not covered by legal liability. Included are all direct and indirect damages that I, my heirs or other legal successors as well as third parties could claim arising out of sustained injuries and death.

I exempt the organizer and the volunteers of the Austria eXtreme from any liability or indemnification held by third parties. No liability at all is taken over for burglary and any damage to property.

I agree to indemnify the organizer for all sanctions (fines, penalties and other costs) that arise due to my offenses against legal or official regulations and rules.

I agree that the organizer may be forced to cancel the competition or change the routes or program due to official orders. Further claims can't be asserted.
