Dear Maria and Crew!

Thank you for your lovely hospitality and a truly amazing Race.

This is my 3rd XTRI race (Did the SWISMAN and CELTMAN) and my 9th Iron man distance race and it was a fantastic experience

and truly the best one ever both for me and my 2 friends who joined me on this adventure.

Although i was not well during the race day i enjoyed it just the same and went as far as my body could cary me until the CUT OFF.

We will defiantly come back not only because of the challenge but more off because of your very unique family race and personal touch which is very very refreshing against IM races or even XTRI series - We love you all and hope to see you

as very soon in 2020!!!

From myself and my friends Jackey and Asaf - THANK YOU for a great experience
